

St. Mary's Holiday Gift Drive

Every year during the holiday season, DG participates in a special toy drive for the St. Mary's Healthcare System for children. Due to the COVID-19 crisis and to protect the children at St. Mary's, we are unable to collect toys directly at the DG building and deliver to the children of St. Mary's. DG still wants to make the children of St. Mary's holiday happy and bright. With the help of our athletes and their families we can still make this happen!

A wish list has been made on Amazon for the children of St. Mary's so you may go online and purchase a gift to be sent directly to St. Mary's. This will ensure the children will have the best holiday possible and still continue to stay safe. The items on the list have been selected by qualified nurses and therapists so you can shop knowing you are making the right holiday choices for the children. Please click on the attached link and donate today!
