

2014 - U12 - Spring Lesson Plan - Week 3

Module 1: Dribbling

Topic: Dribbling and Turning to Beat an Opponent

Objective: To improve the player's ability to dribble and opponent and turn when under pressure

Stage	Organization	Diagram	Guided Questions
Stage I Technical Warm up	<u>Lane Dribbling:</u> - Area: 6Wx12L yard grid, place 2-3 players with the ball on each at the short sided ends. The players with a ball each have to dribble from one end to the other and turn back and repeat. - The other team (white players) starts as 2 pairs with a player from each pair on either side of the lane. The player with the ball must dribble across the area towards their partner, and connect a pass after they have dribbled past the halfway point of the grid. The partner receives the ball by taking a 'positive' touch into the lane, dribbles and performs a turn before playing the ball to their partner. Every time that the players get up and down without crashing/ getting hit by a soccer ball they get 10 points.
