

AAU TRYOUTS BOYS & GIRLS

Heading

The Central Mass Lightning Basketball AAU Program is continuing to grow and we are looking to add teams across all divisions in the Spring of 2016. Founded by Westminster resident, Andy Sears, it is our goal to provide them with top notch instruction, exposure and competition.

The girls Varsity showcase team was **ranked in the top 10 in New England Zero Gravity AAU** circuit.

We also realize that the cost of some programs is sometimes prohibitive. It is our goal to make AAU basketball both *competitive and affordable* to those who participate in the Central Mass Lightning program.
