NOTES

U10, U12, U14 and High School

Practices can officially begin the week of August 12

Many fields are double booked for practices, so each team will get half the field

Teams may be assigned to one practice field on one day and another field on their other day. This is so that each team at that age group gets at least one practice on their home game field.

If you are looking at holding extra practices (U10+) on a day that only one team is assigned to a field, reach out to the assigned coach to make sure that the other half of the field is still available

If you are looking at holding extra practices (U10+) on a day that no team is assigned to a field, email all U10+ coaches (teams may use other age fields) to let them know which field you will be using

If you have to make up a home game (U10+) and it has to be done during the week, you may need to work with coaches assigned to your age appropriate field to find availability

You can email your team directly through Sports Manager.
