ROSTER MANAGEMENT
Access for Team, League and Season Management

Team management can view rosters, email teams and score games
League and Season managers can also manage team assignment and view draft reports

The Roster Management module requires your email address to already be stored with your profile and for your name to already be linked as team manager. If you are a team manager without an email addresses you will not be able to use the Roster Manager. If your email address is not stored with your name, contact your league and ask them to store your email address with your name.

Please enter your email and password to login

Password:

Login

If you have forgotten/don't have a password
[Click Here](#) and a password will be emailed to you.

Attention Coaches: We have a new TeamApp you can use on your Android or Apple phone to manage your team. Please open this link on your Phone, Tablet or PC: <https://www.sportsmanager.us/TeamApp>

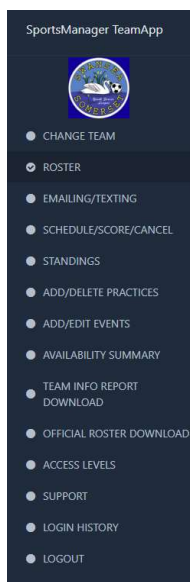

Password is the same as Parent Login.

When you click that tab it will open a new window called Teamapp. (You can close it and login in on the main page or login thru the Teamapp.

I have been using the teamapp and I like it. Easy to get around has cool features like asking if players will be at the game.

If you choose Teamapp:

You will see the follow to the left. Pretty straight forward. Click around and explore the app. If you have any questions contact me.

If you choose the website:

Use the buttons at the top.

Season: **Fall Recreation** League: **Grade 2** Team: **01-Revolution**

Not as many options as the Teamapp.

I highly recommend using the Teamapp.

Again, click around if you have any questions please contact me.
