

New for 2020, we need assistance from all current and former players, parents, coaches and volunteers! **LAND O FROST** has created an app that will allow us to earn additional money every time someone downloads their app and scans products purchased. This is a simple process and we need everyone's support. Here's how you can help!

From your phone click on the link below and download the app:

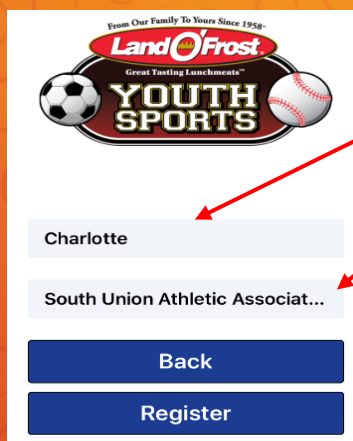

<http://knoxsports.com/app/>

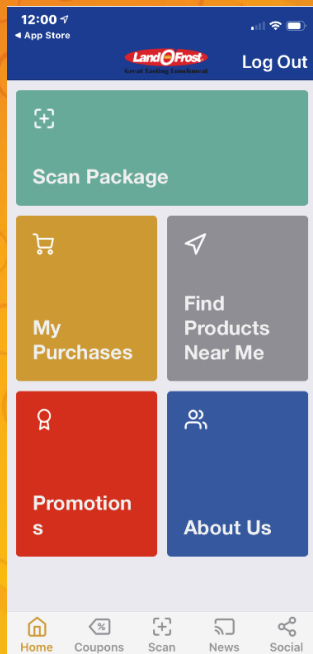

1. Once downloaded follow the simple steps to Register:

2. Associate your account with SUAA by **selecting** the Charlotte market and South Union Athletics as the “Association”

Once you have download and registered in the app please start supporting our organization by purchasing “LAND O FROST” products and scan the UPC code for us to receive credit. Every time you **scan a label**, a portion of the proceeds will support our organization!

If we can get over 100 people to register and use the app within the first 90 days of 2020, then SUAA will have a drawing for a free player registration (valued at up to \$125.00) for either a Fall 2020 or Winter Sports (2020-21).

You must have downloaded the app, and scanned at least one package between 01/01/2020 and 03/31/2020 to be eligible! Each packaged scanned will be an additional entry in the drawing!

If you are a grandparent or volunteer and your name is chosen then you can donate to anyone you wish! You are not required to have a kid currently playing ball at SUAA.

Good Luck to All!
