Recognizing the possibility of physical injury associated with soccer and in consideration for the USYSA accepting the registrant for its soccer programs and activities (the "programs"), I hear by release, discharge and/or otherwise indemnify the USYSA, its affiliated organizations and sponsors, their employees and associated personnel, including the owners of fields and facilities utilized for the programs, against any claim by or on behalf of the registrant as a result of the registrants participation in the programs, and/or being transported to or from the same, which transportation I hereby authorize.

Overview of the WBYS Age Group Programs

WBYS is a recreational organization that offers a fun environment for children of ages 3-18 to enjoy soccer in both the spring and fall. All players will receive a uniform good for the fall and spring seasons and will only need to supply soccer cleats and shin pads.

Below is an outline of each age program. For further information a recommended curriculum for each age group can be found on our website.

Under 4 (U4): This in-town program is mainly for 3 year olds.

In the fall, this 45 minute WBYS clinic will create an age-appropriate learning environment for the kids to have fun with a soccer ball. It will likely be run on Saturday mornings. A trained activity leader and assistants will use engaging activities that allow each child to play with their own ball. The goal of this program is to get the kids comfortable with a soccer ball and initiate a love for the sport of soccer by making this a very enjoyable experience for these young children.

Under 5 (U5): This in-town program is mainly for 4 year olds.

In the fall, this 50 minute WBYS clinic will create an age-appropriate learning environment for the kids to have fun with a soccer ball. It will likely be run on Saturday mornings with an additional (optional) clinic that will probably be combined with the U6 program and run one night during the week. A trained activity leader and assistants will use engaging activities that allow each child to play with their own ball and transition them into a short small-sided game to introduce the "real game" of soccer. The goal of this program is to get the kids comfortable with a soccer ball, introduce basic dribbling and kicking technique, and introduce the "real game" of soccer while initiate a love for the sport of soccer by making this a very enjoyable experience for these young children.

Under 6 (U6): This in-town program is mainly for 5 year olds.

In the fall, this 55 minute WBYS clinic will create an age-appropriate learning environment for the kids to have fun with a soccer ball. It will probably be run on Saturday mornings with an additional (optional) clinic that will probably be combined with the U5 program and run one night during the week. A trained activity leader and assistants will use engaging activities that allow each child to play with their own ball followed by a small-sided game to improve their understanding of the "real game" of soccer. The goal of this program is to get the kids more comfortable with a soccer ball and the "real game" of soccer; WBYS staff will start to teach basic dribbling and kicking techniques and make this a very enjoyable experience for these young children.

Under 8 (U8): This in-town program (may travel to surrounding towns) is mainly for 6/7 year olds.

In the fall, kids will be placed on balanced teams based on evaluations (if possible) and have one practice per week with their coach. The coach will use engaging age-appropriate activities that allow each child to develop basic dribbling, passing, receiving, and shooting techniques followed by small-sided games for the remainder of the practice. Games will likely be on Saturday mornings. The goal of this program is to build a technical foundation with lots of opportunities to use those skills learned in small-sided games and ignite a passion for the game of soccer.

Under 10 (U10) through Under 18 (U18): This travel program participates in the Midland Area Youth Soccer League (MAYSL, www.maysl.com). Teams are separate for girls and boys. Teams are separated by age and/or ability levels based on evaluations. There are typically one or two practices per week and games are typically around noon on Saturdays for U12 and mid-afternoons on Saturdays for U10. Game scores are kept. These programs run in both the spring and fall. Teams for U14, U16, and U18 players are formed in conjunction with surrounding towns, if there are enough players registered.
