***Payment Note: In the Spring Season if there is a single game scheduled on a field the League pays the referee ½ game fee.**

Game Rescheduling Process:

1 reschedule will be allowed per team per organization.

1) Only one re-schedule per team. This re-schedule could be for any reasonable reason, such as a dance recital that the coach was unaware of that would leave the coach with less than a full team of players, or some other unforeseen event that would leave a team short players. It's not for the absence of a one or two "star" players or other frivolous reasons. The E-Council of the re-scheduling club will be responsible for approving or denying these requests.

- 2) Coach desiring re-schedule must route the re-schedule through their E-Council member who will decide whether or not the re-schedule has any merit. Coaches WILL NOT under any circumstance re-schedule on their own.
- 3) Once the E-Council member has decided it's a reasonable request the E-council member is responsible for reaching out to the opposing coach and settling on a time and date for the re-schedule. Once that is completed the E-Council member will contact PVJSL and let them know the game is being re-scheduled and what the date/time/location of the re-schedule will be.
- 4) The E-council member must supply one of their home fields for this purpose, at any open time except Saturdays. (Sundays are acceptable if both coaches agree, as are Monday - Friday evenings.)
- 5) The referee will be paid a game and a half for this game however it's the re-scheduling team that is responsible for the game fee. The re-scheduling team will pay the ref the entire game and a half fee and their opponents will pay nothing.
- 6) PVJSL needs at least a 96 hour (4 day) window to properly re-schedule this game. Should the re-schedule leave a referee with a single game due to lack of this game being played as scheduled, the re-scheduling club will be responsible for an additional half game fee payable to PVJSL.

PLAYER CLUB PASSES SPRING 2019:

The Club passes for the league rules:

Club passes provide the ability for a coach to select players from other teams in their town/club organization to guest play at a specific game.

Age group/League Restrictions:

Current League/Age Group: Yes, Division selected from can be the same division or lower.

Younger Age group: Yes Division selected from can only be one Div. higher, I.e. Div. 4 can select from Div. 3 but not Div. 2 or 1)

Gender Groups: Male teams can select from other Male teams, Female from Female teams, Coed from Coed teams

Max Players selected per game: 4

Max Team Size Restriction: Cannot exceed max roster size requirement

Players selected per team: 3 (A player can be a guest player up to 3 times for a team)

Max Guest Games per Player: 6 (A player can guest play up to 6 times per season)

Max Games per day: 2 (A guest player cannot exceed 2 games per day, their own team plus a guest team)

Allow back-to-back games: Yes A team can borrow players from a game played at the same organization immediately before or after the game they need players for.

Please note: The current team the player is on and the games they are scheduled for will take priority.

***Due to the Player Club Pass being in effect ALL TEAMS WILL provide a Pre-Printed Roster to the Referee and the Coach from the other team. (2 Rosters Per game needed).**

Coach's Pregame Checklist:

- 1) Home coach checks nets and corrects any problems.
- 2) Hand out player passes to each player BEFORE the referee asks for them. They should be trimmed to individual passes, and taken off any ring or binder before handing to referee.
- 3) If your game is following another game already on the scheduled field warmup your team BEFORE the game ends on any other clear space. There is no warmup on the field between games. Be on the team side of the field and prepared to comply with the referee inspection prior to the end of the previous game. THERE IS NO WARM UP ON THE FIELD BETWEEN GAMES.
- 4) Teams should be ready 15 minutes prior to game start.
- 5) Make sure the roster has the APPROVED water mark, that is the ONLY acceptable roster for the referee you will FORFEIT the game if you try to use a different roster. Fill in shirt numbers on the roster BEFORE handing to the referee. Provide opposing Team a copy of your APPROVED Roster
- 6) Have the correct amount of money for the referee, the referee is not obligated to provide change.
- 7) Designate your captains for the game BEFORE the referee calls for them.
- 8) The Home captains should bring at least one good ball (properly inflated and regulation size) to the coin toss.

9) ALL PLAYERS AND COACHES MUST PARTICIPATE IN THE POST GAME CEREMONIAL HANDSHAKE. Teaching your players good sportsmanship even after a disappointing game is more important than teaching them to hold a grudge against an official or other children. Coaches and players can be suspended or fined for failing to participate.

10) Read and understand the Zero Tolerance Policy on your coaching pass. Be prepared to comply with the Zero Tolerance Policy throughout the game.

11) Players should all be wearing the same color socks if your team wears anything besides black. Referees watching the ball also tend to make note of the sock colors for awarding throw-ins, corners, etc...as well as seeing who commits fouls.

12) Try to enjoy the game, regardless of your thoughts on the ability of the official(s). Your attitude drives parent and player behavior, you are the model they look to for what is or is not appropriate.

I wish you all an enjoyable season and thank you all for the time you take to volunteer it can be a thankless job but one that will leave a lasting memory in many of the children that you coach!

Cheers,

PVJSL BOD
