How We Can Help

Who Do We Help	How Do We Help
Administrators	Comprehensive Reports
Registrars	Support for both paper and on-line registration
Division Directors	Tools that make team formation a snap
Coaches	One step team communication plus automatic rosters and schedules
Families	One personalized schedules that combines all the children's schedules
Field Schedulers	Manual, semi-automatic or full automatic field scheduling & rescheduling for rain-outs or tournaments
Referee Assignors	Only available referees are shown plus automatic email accept/reject

How will this benefit Clubs, Towns, Leagues & State Organizations?

Save hundred of hours of volunteer time on routine administrative tasks. By decreasing the administrative work load it will increase the pool of available volunteers. Built in emailing communicate by team, division, age including custom schedule for each family. Auto-score collection—emails no more chasing after scores. Coach's email includes scoring link. Schedule around black outs for teams/fields/days and Re-schedule a rain out with the auto-scheduler. Have more time for the kids. Through improved communications improve the experience of the families and Players.

What are they saying

“The decision was based on the functionality as well as the stability of your SportsManager application. Some other solutions were too narrowly focused on the registration and team placement....”

Kelly Kemp-Mansfield In Town Program Director

“The package that I feel 100% confident will do the job at the Town Level and the County Level is SportsManager.

Each of their modules are integrated and customizable to suit both the requirements of each Town and those of the County league.
